DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Allowable Subject Matter

2. Claims 1 and 3-19 are allowed.
3. The following is an examiner's statement of reasons for allowance: None of the prior art of record teaches an image forming apparatus comprising control means and wherein the control means controls the peak-to-peak voltage of the AC voltage which is applied to the charging means during an image forming period, on the basis of both an AC current flowing when applying the AC voltage having a voltage level of the peak-to-peak voltage that is less than twice the discharge start voltage V_{th} of the image bearing member to the charging means during a non-image forming period and another AC current flowing when applying the AC voltage having a voltage level of the peak-to-peak voltage that is equal to or more than twice the discharge start voltage V_{th} of the image bearing member to the charging means during a non-image forming period, and wherein the residual charge eliminating means conducts charge elimination on an area

on the image bearing member that passes through a charging position of the charging means when applying the AC voltage having a voltage level of the peak-to-peak voltage that is less than twice the discharge start voltage V_{th} of the image bearing member to the charging means.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
